PERIODICAL & BOOK
ASSOCIATION OF AMERICA, INC.

Founded in 1965, PBAA is a not-for-profit organization for publishers, distributors, wholesalers, retailers, consultants, and industry service providers. Our mission is to build awareness, identify trends, educate, and bring positive reinforcement to the issues at hand while bringing the publishing community closer together.

PBAA provides an open-style forum of communication and encourages its members to voice opinions and concerns regarding the single-copy industry.

To join PBAA
or to make suggestions about this Directory
contact us at 212-563-6502
or e-mail us at info@pbaa.net

A directory in print? Is this a dinosaur? Shouldn't it all just be on the web? Judging from your responses to the first PBAA directory in 2006, absolutely not. The feedback from you all was very clear – as much as you would like to access the directory online, you make excellent use of this printed version, and in fact want more types of listings included in each issue.

This 2007 Directory is, we hope, even more accurate than last year's, but we continue to rely on the help and support of YOU – our members and colleagues – to keep us current.

Please review our expanded PBAA member listings in the front of this Directory. We hope, given the opportunity, you will give consideration to the services provided by our PBAA member companies. They are passionate about the industry, and will work hard on your behalf.

Thanks also to the companies who help support this project through the purchase of advertising: Clark Distribution Services, Active Interest Media, Hachette Filipacchi Magazines, CMG, LMPI, Coast-to-Coast, Curtis, Data Processing Services, Disticor, DSI, Ingram Periodicals, Kable Media Services, RCS, and Time Warner Retail.

RACK MANUFACTURERS

This PBAA Directory was planned to grow in content each year. Companies included are not charged for these listings.

In 2006, we started with National Distributors, National Wholesalers, Major Wholesale Groups, and Local & Regional Wholesalers.

In 2007, we have included enhanced listings for our PBAA member companies, and also listings of rack manufacturers. We send out requests for information as widely as possible in the category, and publish the listings of those companies who respond.

We look forward to your suggestions for additional industry service provider categories in the 2008 Directory.

Responses to the rack manufacturer request are as follows:
